

Tapi Bonnet

Applications: Bonnet pad cleaner for all water-resistant carpets.

Tapi Bonnet is a fast-drying spray cleaner for use with the bonnet mop method. It is pH-neutral, residue free and may be used on all fibres. It contains a combination of solvents, enzymes and fragrance, which allow for a thorough and optically effective surface cleaning, with drying times of around 30 minutes and a pleasant scent.

Tapi Bonnet contains a combination of enzymes that are most effective when it is diluted in warm to hot water (up to 65°C).

Tapi Bonnet is used in the Bonnet Dry Cleaning Method as well as in the Dry Powder Extraction System. In both cases it is diluted 1:5 with water and sprayed onto the areas to be cleaned using the CEBE[®] Multi Sprayer or a conventional sprayer. With 1 litre of Tapi Bonnet (6 litres of solution) 40 - 50 m² may be cleaned.

Standard Specifications:

Structure at 25°C: liquid
pH at 20°C: 6.5 - 7.5 as a concentrate
Density: 1.005 - 1.025 g/cm³

Shelf-Life: 2 years after first opening.

Storage: Frost free. Closed properly. Dry.

Contents (acc. to 648/2004/EG): Perfume (citronellol, geraniol), enzymes.

Other contents: Alcohols, glycols, dye, and water.

Biological Degradability: This product fulfills the criteria stated in the EU directive EC 648/2004 concerning detergents.

Article No. 25505

Packaging: Box of 4 x 5L.

Hazard Symbol(s):

Signal Word: Warning.

Hazard Statements: H319 Causes serious eye irritation.

Precautionary Statements:

Prevention: P280 Wear protective gloves/protective clothing/eye protection/face protection.
P264 Wash hands thoroughly after handling.

Reaction: P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313 If eye irritation persists: Get medical advice/attention.

Storage: None.

Disposal: None.

Classification according to ADR/RID:

This product is no hazardous material according to transport regulations.

Version: 06.04.2016
